

SAUKVILLE AREA

A CROSSROADS COMMUNITY

The Village of Saukville is an important stop on Wisconsin's Ethnic Settlement Trail. Take time to reminisce at our downtown park, beautifully restored with old-fashioned streetlights, winding brick walks, and a turn-of-the-century bandstand. Further explore our past using the Village Historic Walking Tour Guide that highlights 31 historical buildings and sites.

Come meet Saukville today and join our many celebrations starting with our patriotic July 4th festivities which include an old-fashioned parade and delicious food and conclude a fun-filled day with a spectacular fireworks display. Saukville in September, the second Saturday in September, starts with Family Fun Day on Saturday and continues on Sunday by recalling the not-so-distant past at our classic Saukville Fire Department/Pleasant Valley Auto Show.

Take a moment to discover many other attractions in and around Saukville. Riveredge Nature Center is a peaceful wildlife sanctuary where visitors can hike, view wildlife and renew the spirit. Arnold

Palmer's wonderfully designed golf course, The Bog, has 18 holes surrounded by beautiful rolling hills and natural wooded areas. Ozaukee County Pioneer Village is a living history museum that allows visitors to experience a rural village of the past with over 20 unique buildings nestled in a rolling hillside. Enjoy fishing, wading and picnicking at one of our many great parks.
